

Student Learning Experienced Differently
Cumberland County Schools' Non-Traditional Instruction Program

SLED DAY #9—GRADE LEVEL: 11

A TOTAL OF THREE ACTIVITIES SHOULD BE COMPLETED.

| | | |
|--|---|--|
| <p>STUDY ISLAND Log in to Study Island using the username and password provided in your SLED packet and complete "11th Grade Sled Day 9" under My Classes.</p> <p>Log in to CERT using the username and password provided in your SLED packet and complete one English Quiz and one Math Quiz.</p> | <p>ENGLISH The climax of a work of literature is when all of the events come to a breaking point. Using a piece of literature that you know, explain the events that lead to the climax, what happens at the climactic scene, and how the story changes after the climax. Write at least a half page on a separate sheet of paper.</p> | <p>SOCIAL STUDIES How did Germany come to be a divided nation after World War II? Write at least a half page on a separate sheet of paper.</p> |
| <p>MATH Write a paragraph explaining your answer on a separate sheet of paper.</p> <p>Question 1: If a gumball is randomly chosen from a bag that contains exactly 6 yellow gumballs, 5 green gumballs, and 4 red gumballs, what is the probability that the gumball chosen is NOT green?</p> <p>Question 2: The formula for the volume, V, of a sphere with radius r is $V = \left(\frac{4}{3}\right)\pi r^3$. If the radius of a baseball is $1\frac{1}{3}$ inches, what is the volume to the nearest cubic inch?</p> | <p>SCIENCE Temperature can have an impact on molecular action. How might treating a fever with medication affect the effectiveness of the proteins of the immune system? Write at least a half page response on a separate sheet of paper.</p> | <p>ELECTIVE Read an article from https://www.studentnewsdaily.com/ and type an email to your 1st period teacher about what you learned from the article. Include the title of the article in your email.</p> <p>first.last@cumberland.kyschools.us</p> |
