SLED DAY #7

ONLINE OPTION
Students will log into IXL (www.ixl.com) and complete THREE new lessons to 85% in one of the following subjects of their choice:

Lessons must be completed on Grade Level.
Language Arts
Math
Science
Social Studies

ENGLISH
When Danny met Jennifer, he found her **honesty** refreshing. He had never met anyone who could be so **candid**, even when it might be easier to **lie**. Once, Danny wore a shirt Jennifer didn't like. "You look like a **clown**!" she said, with a laugh. Another day, Danny asked Jennifer if she thought that Sandy might be **interested** in him. "Not a chance!" she replied with her usual **frankness**. Then one day, when they were out with their friends, Danny **sprinkled** too much garlic on his pizza. Again, Jennifer's **criticism** was **straightforward**. "Someone give this guy a breath mint!" she exclaimed. That's when Danny realized that being blunt was **overrated.**

On a separate piece of paper, rewrite the paragraph above changing the words that are bold, and underlined, with different word connotations.

SOCIAL STUDIES

On a sheet of paper explain how does geography affect economy? Give examples of civilizations and their geography/economy that we have studied in class.

OR

Watch CNN10, a news channel, or read a news article in the newspaper or a magazine. Provide a summary about the current events you learned about. Will any of the current events affect you or not? Explain. (Write at least two paragraphs).

MATH

Kristy goes to the grocery store to buy some apples to make apple jelly. Apples are $.38 a piece or 4 for $1.12 a pound. How many apples can she buy with $15.45? Is it a better deal to buy them one at a time or by the pound?

Kristy has to buy a new dress that cost $56.98. There is a sale on the dress for 20% off today only. She has $45. Will she have enough money to buy the dress after taxes? Tax is 6%.

SCIENCE
This diagram shows a marble that is being released from rest at point 1. It is rolling down a ramp to point 7. *Describe the energy of the marble at point 3 and as it rolls up to point 5.* (Be sure to include information about the "energy" that is transferred)

RELATED ARTS
Choose one of the following.

Research the following business dress styles and list the different characteristics for each:
- Business Professional
- Business Casual
- Casual

Or Write a two paragraph summary of your own personal strengths and weakness. Also, discuss why you believe the characteristics to be strengths and weaknesses and how you can improve your weaknesses.

Activities Based on Student Prior Knowledge
