ENGLISH

A pronoun is a word that takes the place of a noun, a group of words acting as a noun, or another pronoun. *Read the following quote and identify the pronouns.*

“Tears began streaming down my face too. I pitied him, myself, my family, the rest of the black South Africa. Why does this apartheid do this to us? . . . Why had it created within my father’s heart a granite wall, which had prevented him from expressing feelings of love, care, comprehension, and understanding?”

Mark Mathabane, *Kaffir Boy*

SOCIAL STUDIES

Write a ½ page short essay in which you discuss the Columbian Exchange. Give specific examples of items share and their continent of origin.

SCIENCE

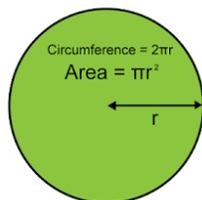

Congratulations! You have found a fossil! Write at least a paragraph explaining how and where you found it, what kind of organism it belonged to, and what kind of fossil it is. Is it a cast and mold fossil, or maybe a preserved fossil? When do you think it lived? How do you think it died? Be creative!

MATH

Fill in the blanks for the following problems. Write an explanation of how to find area and circumference. Pizza hut offers three sizes of pizza. The small, medium and large pizzas have diameters of 7 inches, 9 inches and 11 inches.

Question 1: What is the circumference of **each** of the sizes of pizza?

Question 2: What is the area of **each** of the sizes of pizza?

SPANISH I/II: Food

We have started food units in all Spanish classes. Tell about your favorite dish (a cooked meal.) Be sure to include in full sentences

- 3 adjectives (describing words— juicy, tasty, delicious, etc.)
- The ingredients that make up the dish.
- Where you can order this dish (name of a restaurant, country, state, at home, etc.)
- What time of day it is best to eat this dish.

ELECTIVE (CHOOSE ONE THAT FITS YOUR CURRENT PATHWAY)

Culinary: Prepare a homemade dinner for your family. Try to avoid using packaged ingredients.

Write a paragraph answering the following questions:
Describe how your home cooking lab went. Was there anything that you struggled with, what was the hardest part, easiest/best part? Did your family enjoy the food you prepared? Explain why or why not. What would you do differently the next time you prepare this recipe?

Agriculture: Your tractor broke down and was in the shop for 4.5 days. Mechanics worked on it for 23.2 hours at \$49 per hour. They replaced \$1,905.72 worth of parts. You lost \$16 per hour by not having the use of the tractor. You work a 12-hour day.

- How much did the labor cost?
- What was the repair bill (labor and parts)?
- How much did you lose by not having the use of your tractor?
- What did the breakdown actually cost?

Engineering: **DRAWING A FLOOR PLAN**
