ENGLISH

Write a half page on a separate sheet of paper.

SOCIAL STUDIES
For thousands and thousands of years, man could only travel as fast as he or his horse could go. Then, a little over 150 years ago, in the 1860's, the first Transcontinental Railroad linked the eastern U.S with California. What do you think it meant for the country to be able to travel as quickly and easily? What do you think it did for businesses and families?

Write a half page on a separate sheet of paper.

MATH

1. A membership at a health club costs \$560 per year. The club has a payment plan in which a member can pay \$50 down and the rest in 12 equal payments. How much is each payment?
2. The nightly price for a standard room at a hotel is \$119.95 with a nightly room tax of \$17.95. The hotel also charges \$0.90 per phone call made from the phone in the room. If a guest stays for 5 nights and makes 4 phone calls, how much is the total bill?
3. Solve the equation. $8x - 11 = 2x + 1$

Show your work on a separate sheet of paper.

SCIENCE

We should continue to explore outer space because....

Finish this sentence with two reasons. Then explain your reasons with a half page.

HEALTH

1. What foods do I normally eat?
2. How much of the food I eat every day is in each of the food categories?
3. Should I consider changing my eating habits to improve my health?

Answer these questions on a separate sheet of paper
